

## JOB DESCRIPTION

- **C#/VB Developer - ASP.NET - SQL 05,08 - HTML - AJAX**
- **Santa Rosa, CA**

### **Do you have a desire to be a coding asset within a profitable software application company?**

A worldwide leader in the development of cutting-edge CRM and ERP Business applications and integration is looking for an experienced and passionate **C# web developer** who has prior development experience **SQL 2005** and/or interest in working with **SQL 2008**. Those candidates who maintain the ability to think logically or who have a strong sense of mathematics will excel within this role and company.

### **ESSENTIAL FUNCTIONS:**

- Work with customers to develop new business functionality
- Develop interactive **application extensions**
- Work on various projects at once and custom develop to meet client specifications
- This is a hands-on coding position for a passionate **C# developer** with a percentage breakdown of 10% Design vs. 80% development vs. 10% maintenance
- Work on all phases of the software life cycle in the development of ASP.NET applications

**SUMMARY OF TECHNOLOGIES:** C#, C++, ASP.NET, HTML, CSS, AJAX, XML, Visual Studio, **SQL 2005, SQL 2008**

### **ESSENTIAL SKILLS AND EXPERIENCE:**

- 4+ years of overall software development experience
- 2+ years experience of C# and ASP.NET **.NET application** development  
Prior software development using C++
- **SQL Server 2005**
- Solid **.NET** web experience using **.NET 2.0** technologies such as HTML, CSS, AJAX, ASP.NET, XML
- Must be looking for a senior position and must be interested in a role that will grow into a clear team leader

### **Career Roadmap**

The chosen candidate will have the opportunity to learn Oracle's CRM on Demand enterprise business solution, with potential exposure to Cast Iron Systems middleware and Oracle's eBusiness suite of applications. We are looking for a recent graduate, with an insatiable thirst for learning bleeding edge business solutions. This is an enormous opportunity, for the right resource. Salary + benefits, in the 50K range.
